

I believe that KLOVE radio 89.5 FM in El Paso TX is an important part of the radio community here in El Paso and is very beneficial to the community with it's music, and broadcast content.

I believe that if it were to be displaced by an LPFM station with other content that it would have a negative impact on the community as a whole, and this should not be done. Many people's lives are improved substantially by having KLOVE on the air.

The programming offered by KLOVE is important to the El Paso area in the way that it offers positive, encouraging, uplifting, and inspirational messages that are not found on most other radio stations broadcasting today.
